PROBABLE CAUSE AFFIDAVIT:

(specify probable cause for each charge)

Before Me, the undersigned authority personally appeared OFC MALONE #78 who being duly sworn, alleges, on information and belief, that on the 13 day of DECEMBER 2013 in MARION County, Florida, the defendant did:

Knowingly and unlawfully grabbed by the neck, bit, choked, and scratched leaving bite marks to the neck area to his live-in girlfriend for over one year, Alexis Price, thereby committing the offense of Domestic Battery in violation of Florida Statute (F.S.S. 784.03), while at the intersection of SE 31st Street and SE 19th Avenue Ocala, Marion, Florida To WIT;

On the above stated date, at approx. 0200 hours, I responded to the above stated location in reference to a 911 that an assault was in progress. I was advised by dispatch that a female advised she was being choked by her boyfriend.

Upon arrival on scene, I made contact with the Victim, Alexis Price. She was visibly shaken, was screaming loudly, and was very uncooperative. She stated that her boyfriend had taken off after beating the "Shit out of her". She stated that he had been drinking heavily and was mad at her. This verbal abuse turned physical and he pulled on her hair and began biting her on the neck and head area. Although injured, she advised that she did not need medical attention. I observed there to be bite marks on the side of her forehead and back of the neck area. The redness around the neck and the bite marks were fresh in nature and indicative of a recent altercation. At one point Price refused to provide a statement and did not wish to cooperate with the investigation. However, after we were able to make contact with the Defendant and the scene became a little calmer, she did provide a written statement outlining the events described above. Price stated she was forced to jam on the brakes and ask for help from a stranger passerby.

It should be noted here that the Defendant fled the scene prior to our arrival and was later apprehended by Officer Rodriguez and Officer Fried.

Upon speaking with the Defendant, he denied hitting the victim and went on to say that any injury she suffered was because he was defending himself. It should be noted that the Defendant had one small bruising area on the right side of his face consistent with that of physical contact. The Defendant denied needing Medical attention, and stated that he had no injuries.

Based on the above stated set of facts and circumstances, the Defendant was determined to be the Primary Aggressor in this case. I then placed him under arrest and transported him to the Marion County Jail without further incident.

SWORN to and SUBSCRIBED before me
this 13 day of DECEMBER,
2013
